

VOLUNTEERS NEEDED FOR RESEARCH ON PALLIATIVE CARE

Do you have experience with cancer as a patient or caregiver? Are you from a Chinese or Chinese American community? If so, you may be eligible for a study aiming to advance our understanding of culturally concordant palliative care.

You May Qualify If You

- Are at least 18 years old
- Have been diagnosed with cancer OR are a caregiver for a family member with cancer
- Are Chinese or Chinese American
- Able to communicate in English or Mandarin Chinese

Potential Benefits

- Contribute to a better understanding of palliative care within Chinese and Chinese American communities

What is involved?

- One 30 to 40-minute video/audio recorded interview
- Participation in the study is voluntary
- Compensation of \$35 via Amazon Gift Card

Location

- Encrypted Zoom Video Meeting OR
- Stanford Health Care System
500 Pasteur Dr. Stanford,
California, United States

FOR MORE INFORMATION

Please contact the study coordinator, Kendall Lin at kendalll@stanford.edu or (916) 776-6398 if you'd like to send any leads via secure email or if you'd like more information about this. For participant's rights questions, please contact 1-866-680-2906.
